

DRIVING DIRECTIONS TO HOTEL LA ROSA DE AMERICA

(From the International Airport)

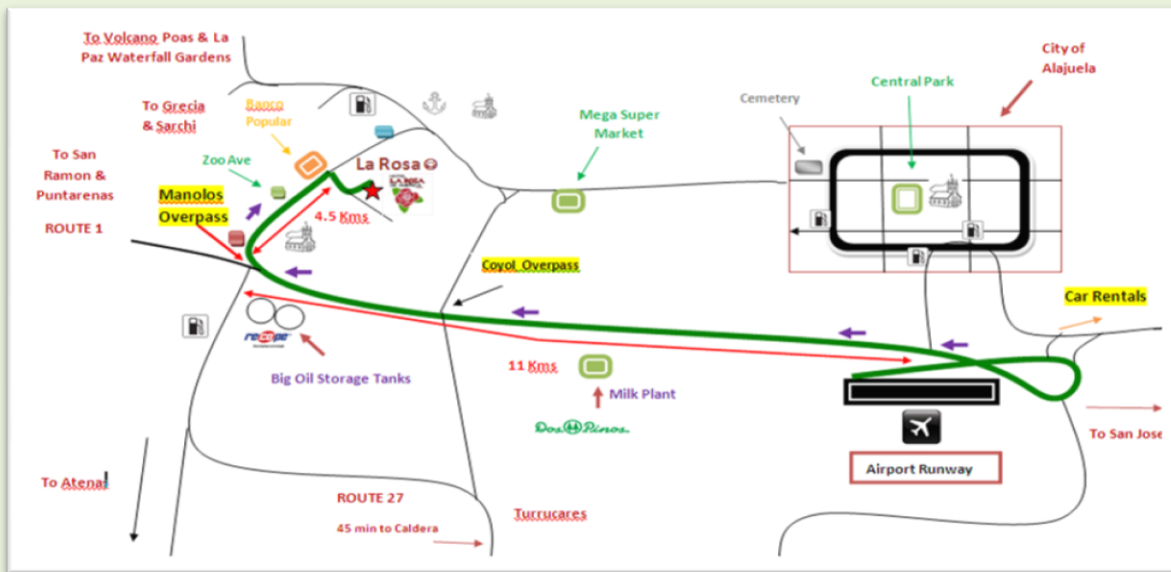

Welcome to Hotel La Rosa!

Driving through the city of Alajuela is shorter however we strongly recommend taking the indicated route below to avoid potential confusion with local traffic directions and possible gridlock congestion common to Alajuela Centro. Please ask your rental car agent how to get back to the Inter-American Highway heading West by the Airport. From there just follow the instructions below!

Starting at the airport drive west on Highway 1 (the Inter-American Highway) towards San Ramon for approximately 11 km - until you get to the Atenas exit. (You will see large white oil storage tanks on your left and you will have just finished descending a large hill) Take the exit to your right and then turn right again (do not go over the overpass), and go 4 km east (back towards Alajuela). You will see a new orange Banco Popular on your left. Our La Rosa bus stop sign is directly across from this bank. Turn right just before the sign, go 100 meters, turn left go 75 meters and the hotel is on your right.

Note, road signage is very sporadic in Costa Rica therefore directions are descriptive and location based. If you have any questions please call us directly at 2433-2741 and we will be happy to help!

GPS? If not already updated, then use these coordinates: **Lat: 10⁰ 00' 28.48N // Long: 84⁰ 15' 38.60W**

See you soon;
